

### **Head of Scripted Television Series Development**

Our client seeks an individual to head up their scripted television series development slate - the successful candidate will have strong track record pitching projects to the Canadian and US broadcasters and the ability to oversee productions once green-lit.

**Required Skills:**

- Minimum 5-10 years developing scripted television series.
- Demonstrated track record in managing numerous projects.
- Ability/desire to commit to long-term position
- Dedication to product and business
- Ability to work well under pressure and in teams
- Comfort level reporting to executive tier

**Reply in confidence:** If your experience reflects the above qualifications, skills and interest, please forward a covering email, including your CV (word.doc or .pdf format), salary expectations, and links to web portfolio, to [info@mediaintelligence.ca](mailto:info@mediaintelligence.ca) quoting “**Head of Scripted Television**” in the subject header line.
